

Welcome back! In order to move forward to feed and sustain our campus community, you'll notice a few changes at each of our dining locations. These changes were implemented according to the Center for Disease Control and Prevention (CDC) and the Pasadena Public Health Department's current requirements and Reopening Protocol. These changes will help us protect our students, staff, community & our team. We appreciate your patience and understanding as we work within these guidelines.

Here are some of the changes you'll see:

- No indoor dining
- All menu items will be served in disposable containers
- Outdoor dining is available & maintained by our dining staff during business hours
- Please continue to adhere to distancing requirements even when outside
- Families, housemates, partners, and the like can sit at tables designated for "family dining"
- Separate doorways for entry and exit
- While inside our units, guests will be required to wear a face covering over their nose & mouth at all times
- Increased frequency of sanitization of touched surfaces
- Hand sanitizers are conveniently located at each of our entrances & exits
- Limited occupancy numbers at each of our dining locations
- Each station will have its own separate waiting line clearly marked with floor decals set at safe distances
- Protective clear barriers have been installed in various locations & areas to prevent close contact between our staff, food, and customers
- Our staff wear masks and remain behind clear protective barriers for your safety and theirs
- Please be patient and speak in a loud clear voice. We want to ensure we hear your order correctly behind your mask and our clear protective barriers
- Small packaged condiments & individually wrapped utensils & napkins will be handed out by order and/or by request
- Payment systems are now cashless. Card transactions only. Customers will swipe, insert, or touch their cards for payment. For those who enter PIN codes, one-time use tissues will be available for use to avoid touching the pinpad between sanitizing
- Pinpad and readers will be sanitized frequently throughout the day, and even more frequently during peak periods of service

Here are some of the ways we are working to continue to provide an array of menu options, while minimizing wait times. As such, the following changes have been implemented:

- To ensure the quick production and assembly of our menu items, some menus have been adjusted & preparation methods streamlined
- Preset and customizable meals are available from the following stations:
 - o Pizza
 - o Grill
 - o Mongolian
 - o Comfort
 - o 101
- The following station items will be prepackaged and available for quick Grab & Go service:
 - o Assorted cold deli sandwiches
